# Impact Resistant

Shingles

Shown in Presidential Shake™ Weathered Wood

**CertainTeed**   
Quality made certain. Satisfaction guaranteed.™

**A strong roof.**

**A stylish home.**

Shown in Landmark TL Max Def Burnt Sienna

## HAVING A ROOF THAT'S EXTRA STRONG SHOULDN'T MEAN COMPROMISING ON STYLE.

That's why we give you choices to suit your needs and tastes — even when it comes to impact resistant shingles.

Each of the options below has an added fiber glass backing. It's there to provide an enhanced level of impact resistant protection over and above the high durability these popular, strong shingles already possess. Each of these shingles has proven it can stand up to the force of a two-inch steel ball dropped from twenty feet without cracking.

# Impact Resistant shingles will give you both.

## specifications & warranty

- Impact resistant: UL 2218 Class 4 rating
- Fiber glass-based construction
- UL Class A fire resistance

*See actual warranty for specific details and limitations.*

# PRESIDENTIAL SHAKE™

Weathered Wood

Shadow Gray

The sculpted edges and staggered design combine to give your roof the charm and beauty of authentic wood shakes. Presidential Shake, made of two laminated layers of the industry's most durable materials, was the first of its kind. No other shingle replicates the look of real wood shakes quite so stunningly.

# LANDMARK™ TL

Max Def Weathered Wood

Max Def Burnt Sienna

Max Def Cumberland

Max Def Moiré Black

Max Def Shenandoah

An impact resistant version of our dramatically thick luxury shingle offers you the distinct look of natural wood shakes, not to mention a lifetime warranty. Made of three laminated layers of the industry's strongest roofing materials, it's dimensional in appearance and unparalleled in durability.

# LANDMARK™ SPECIAL

With soft shadow lines, a random tab design and a patented color blending process, Landmark Special gives your roof the classic shades and dimensional appearance of natural roofing materials. Designer looks combine with high durability to produce a shingle with a 50-year warranty.

# CertainTeed **XT30**<sup>TM</sup> EXTRA TOUGH

With the added impact resistance, this traditional three-tab shingle offers a level of protection that's far from everyday. It's available in several colors and has a 30-year warranty.

# easy selection

## What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

## Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

*NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.*

# #1 rating

# long-term protection

Add the right accessories and ensure full protection.

For your Landmark TL, Landmark Special or XT 30 impact resistant roof, use CertainTeed XT 30 IR UL 2218 Class 4 impact resistant roofing shingles of the same color for capping hips and ridges. Double capping will add depth and dimension.

To ensure your entire Presidential Shake roof meets UL 2218 Class 4 impact resistance, Impact Resistant Presidential Accessory must be used on the hips & ridges, and Impact Resistant Presidential Starter must be used for the starter course.

## Enjoy the extra confidence of SureStart™ protection

Your warranty is strong on its own. But you also get the added confidence of SureStart protection. That simply means if any problem due to a manufacturing defect occurs during the SureStart period, call us. Upon inspection, we'll cover labor and material replacement costs at 100%.

*Lifetime, 50-year and 30-year limited transferable warranties, including 10- and 5-year SureStart™ protection, are applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.*

*Some insurance companies offer premium discounts for the use of UL 2218 Class 4 products; check with your agent to see if you are entitled to a discount.*
